

PERISHABLES

Fast, fresh, cost-effective handling
for frozen & chilled produce

|||LONDON|||
CONTAINER TERMINAL

The heart of distribution & logistics in the South East

With 52,000m² of quayside temperature controlled facilities, Port of Tilbury provides fast, cost-effective handling for frozen, chilled and ambient produce.

- Supply chain hub and consolidation facilities for the Perishables Sector
- UK's fastest haulage turnaround times
- Fast transport links to all major retailers - 24/7
- One of Europe's largest reefer ports with weekly connections to north west Europe, the Iberian Peninsula, Russia & Baltics, North Africa and western South America
- In terminal railhead directly linked to UK mainlines
- Unrivalled access to UK's most wealthy and densely populated region
- Capacity to handle container and breakbulk vessels
- Dedicated Border Inspection Post
- Advanced computerised systems offering full track and traceability
- Ultra freezer reefer capacity chilled to -65 degrees Celsius
